TIPS FOR PREPARING AUDITION MATERIALS

- Notice the given metronome markings if available and work **UP** to that tempo. Start slow, even if the excerpt appears easy. Practice **SLOW** and be accurate. Maximize the musical elements, not just notes and rhythms, **BEFORE** moving to a quicker tempo.
- Be patient, consistent, and do not procrastinate. You cannot cram for an audition. You can choose to be prepared or try to get lucky.
- Remain calm and collected. Try your best. If this is your first audition, and the material is new or different from what you have had in the past, all we ask is that you prepare the best you can. Don't give up and assume you will fail. Playing something at a tempo you can control is better than trying to fake it at a faster temp.
- Give yourself time to warm-up and collect your thoughts before an audition. Show up at least 10 minutes early if possible.
